

Welcome Eléna Fuerbringer who graduated from BVC's Aspirant program and was hired into the company as an apprentice!

“Being a company dancer for Ballet Victoria is an incredible experience and dream come true. Even though we are only two weeks into our 2023 / 2024 season, every day has presented new challenges that have given me the opportunity to grow and develop as an artist.

Exploring the combination of contemporary ballet and classic rock music through rehearsals for our current production ‘Ballet Rocks’ has been unique and exciting. I remember seeing another "Ballet Rocks" program as a student many years ago and it was by far one of my favourites!

I'm thrilled to start my professional career as a dancer with Ballet Victoria!
