

BV Ballet Victoria

Ballet Victoria loves sharing great stories, and this year is no exception. Mary Shelley's *Frankenstein*, set to a medley of music including ballet and opera scores, inspires our October program at the Royal Theatre! Expect thrill, drama and beautiful classical ballet.

December boasts our unique classic, *The Gift of the Nutcracker*, accompanied by the Victoria Symphony to celebrate the Holiday Season and keep our heart-warming, annual tradition alive.

Carmina Burana's extraordinary score played by the musicians of the

Victoria Symphony, and sung by the Victoria Choral Society under the baton of Brian Wismath, drive an epic choreographic feast. It might just be the event of the season!

If you prefer the whimsy of Shakespeare's *Midsummer Night's Dream*, the playfulness of Mendelssohn and the fervour of new works, then our May program will be the ballet for you.

Ballet Victoria has become an expert at finding refreshing ways to bring you some of the purest classical full-length ballets and innovative abstract works.

You are invited to join us for Ballet Victoria's 22nd season and be swept away by the magic, the passion and the beauty of dance!
